APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and is for flood and unappropriated water only. It is specifically understood and made a condition of this permit that diversion of water hereunder will cease immediately upon notification from the State Engineer that the water is needed for prior existing rights lower on the stream system. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two (2.0) cubic feet per second.

Actual construction work shall begin on or before July 10, 1917.

Proof of commencement of work shall be filed before August 10, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before July 20, 1917.

Application of water to beneficial use shall be made on or before July 10, 1922.

Proof of the application of water to beneficial use must be filed with State Engineer on or before August 10, 1922.

Proof of labor filed AUG - 4 1917. WITNESS MY HAND AND SEAL this 10th day

Proof of completion of work filed. AUG 16 1917 of May, 1917.

Map filed NOV 10 1917.

Cancelled Jan. 5 1926 because of failure of applicant to comply with provisions of permit.

W. M. Kearney
State Engineer.
